SUMMARY

PGDM Finance and Analytics candidate (Great Lakes, 2027) who builds, checks and explains financial models. Delivered a Dabur India equity research initiation (HOLD, target ₹395), a full Larsen & Toubro valuation presented in the FSAV course, a financial due diligence memo, and a D2C brand modelled end to end with an investor teaser for a ₹20 Cr round. At Paytm, analysed receivables for leadership MIS and automated reporting, freeing about 80 hours a month.

EDUCATION

Great Lakes Institute of Management, Gurugram | PGDM, Finance and Analytics — 2025 - 2027

Maharaja Agrasen College, University of Delhi | B.A. (Hons) English — 2021 - 2024

St. Mary's Senior Secondary School, Delhi | Class XII and Class X | Academic Excellence Award — 2021 | 2019

EXPERIENCE

Paytm (One97 Communications Ltd.), Noida | Revenue Assurance Intern — Apr 2026 - Jun 2026

- Analysed B2B receivables across advertising, FMCG, D2C and government portfolios (ageing, DSO by vertical, ECL provisioning) for the monthly leadership MIS; applied payments in SAP and reconciled the debtors book to the general ledger ('Matched', March 2026)
- **Consolidated 23 receivables trackers into one VBA-automated MIS** that flags 90-day-plus balances, ETA status and month-on-month movements and writes the management commentary for every portfolio: **4 hours to under 1 minute (99.6%)**
- Designed an ETA-vs-collections framework (Google Sheets, Apps Script) with performance bands and one-click emails to stakeholders, replacing a 4-day multi-file cycle: **30 hours a month saved**
- Redesigned recovery notices with an approval trail (3 hours to 30 minutes each); **co-built a role-based ticketing system with Claude Code** (ownership, ETA-breach alerts, escalation), adopted by the GM's team; five frameworks freed **~80 hours a month**, adopted by two Revenue Assurance teams and presented at Automation Friday

Perfect Solutions (white-goods retail) | CRM and Accounts Manager — 2024

- Regular customer follow-ups lifted retention by **12%**; kept the company's accounts, balances and finances

Haryana Electricals (retail) | Store Manager: ordering, sales and daily cash reconciliation — 2021

PROJECTS: VALUATION, DUE DILIGENCE AND BUSINESS PLANNING

- **Equity Research Initiation, Dabur India** (FLP live project): three-statement model, FCFF DCF (WACC 10.35%), comps and reverse DCF (price implies ~7.8% perpetual growth vs 5% modelled); 6-page report: HOLD, target ₹395
- **Larsen & Toubro Valuation** (FSAV course, group of 4; presented; rebuilt on audited FY25-FY26 statements): core vs financial-services split, ten-year FCFF DCF in three scenarios, WACC 12.8%, terminal growth 5% (Blume beta 1.13), peer comps, 16 ratios and five-year DuPont ROE (FY22-FY26), Altman Z; base DCF ₹1,772 a share vs ₹3,837 market
- **Financial Due Diligence, Larsen & Toubro** (independent): reviewed audited FY25-FY26 statements, rating reports and filings across earnings quality, working capital and related-party exposure; flagged 8 red flags with 10 management questions
- **Market Feasibility, Grade A warehousing park, Delhi NCR** (independent): bottom-up sizing (TAM to SOM), unit economics and break-even; 12.2% unlevered IRR; conditional go with three key risks
- **Market Research, Premium Smartphones**: conducted 10 buyer interviews; applied PESTEL, Porter's Five Forces, BCG and Ansoff to assess brand loyalty and identify growth opportunities; converted findings into strategic recommendations
- **Project Orvelle** (independent): built and valued a D2C brand end to end (cohort model, unit economics, three statements, DCF vs multiples, cap table, LBO); wrote an 8-slide investor teaser for a ₹20 Cr growth round
- **Forensic Data Testing** (Python, Power BI): six controls incl. Benford's Law and three-way match on 12,095 invoices (₹123.8 Cr); 1,152 exceptions (₹25.5 Cr) flagged
- **Deal Studio** (independent, live online): M&A accretion/dilution; LBO (21% IRR, 2.59x MOIC); IPO book-building; bond pricing; 100 MW solar project finance (DSCR); IBC waterfall
- **Portfolio Management** (group of 5): five investor profiles, efficient frontier (14 assets), 5,000-scenario search lifting Sharpe 0.452 to 0.728
- **CareerCompass AI** (group): charter, WBS, critical path, crashing 31 to 29 weeks, earned value (CPI 0.94, SPI 0.95). **Crest x Grant Thornton**: Top 15; root-caused a 65% cycle-time variation across 100 trips
